

Brandon Academy Summer Math Recommendations

Students coming into 3rd grade should earn a green dot in Reflex Math three times each week. Students should also complete one additional math practice of choice each week. Completed math work *does not need to be turned in*. Please return the bottom portion of the page during the first week of school.

Reflex

3x each week

Other great resources include:

ixl.com covers all topic with virtual practice questions

commoncoresheets.com has great practice worksheets with answer keys

mfs.mathgames.com/grade3 has fun online math games for reviewing

Prodigy is a great app that students enjoy using

Khan Academy and LearnZillion have great videos to reteach concepts

*Remember that Brandon Academy students have an advanced math curriculum. If searching a grade level to review, choose 3rd grade. We will cover 4th grade standards in 3rd grade.

I verify that my child has met the summer math requirement for the 2020 - 2021 school year.
