

Geometry and Algebra 2 Summer Math Assignment

Students must log into their Khan Academy account. Use your Brandon Academy email address to login, if possible. If you have forgotten your login information, simply make a new account (with your name, so that I know who you are). Join my class (by clicking Teachers on the left) with the appropriate class code from below. Some of you may already be in my class.

Incoming Geometry: 8KV74KEQ

Incoming Algebra 2: DW66V5XP

Once you have joined my class you will have several assignments to work on. You must work on these assignments for a total of 10 hours throughout the summer. It is highly recommended to work an hour a week but not mandatory. The completion of the full 10 hours will earn students their first A grade of the new school year. If you have any questions, please email Mrs. Ullrich at ullrich@brandon-academy.com.
