

# Sumo Summer Camp

**June 18-22**

**Summer Sumo**

**\$250**

**You've attended the assembly, now build your own Sumo bot! We will start by teaching the basics of Mindstorms coding and robot design. You will spend most of the week designing and perfecting your Sumo design. On Friday, we will invite parents for a full Sumo Battle! Each day will have a 30-minute snack/recess break outside.**

**Who: Students who are entering 4th, 5th, or 6th grade.**

**When: June 4-8 from 8am to 12**

**Where: Brandon Academy Robotics Classroom**

**Every participant MUST have a tablet or laptop with Lego Mindstorms installed. It is free on most app stores, search LEGO education and look for . Mrs. Wallen can help with this prior to your registration.**

## What If?

### Icky Science

**June 18-22**

**What if? Chemistry and Physics**

**\$250**

**What if you had permission to get dirty in a laboratory? Would you make play clay? Would make things explode? How about some disgusting slime?**

**Students will get their hands dirty learning chemistry in this inquiry-based summer camp. It will get messy, it will be fun, and we may make things explode! Each day will have a 30-minute snack/recess break outside.**

**Who: Students who are entering 4th, 5th, or 6th grade.**

**When: June 4-8 from 1pm to 4pm**

**Where: Brandon Academy Middle School Science room and lab**

**To register, fill out the form on the back and return to:**

**Mrs. Wallen [wallen@brandon-academy.com](mailto:wallen@brandon-academy.com)**

**Mrs. Moffett [moffett@brandon-academy.com](mailto:moffett@brandon-academy.com)**

**DO MORE – SAVE MORE!**

**Sign up for both camps and pay \$400 for the week!**

**If you sign up for both camps it will include a supervised hour lunch/recess break from 12 to 1. Students must pack a lunch.**

**Each camp must have at least 6 campers to run.**
